## About Me

Computer Science student at best engineering university of Pakistan, National University of Science and Technology (NUST). I am hardworking, disciplined, self motivated and self learner individual with good communication and leadership skills. I have developed good problem solving and critical thinking skills. My excellent academic prowess and participation in extra-curricular activities set me apart from others.

## Experience

### Marketing Intern @ Techacker

September 2019 - October 2019, Islamabad

My major task was to manage their social media handle, create engaging social media posts and overall design their marketing campaign.

### Freelance Graphic Designer @ Fiverr

September 2019 - present, Remote

Created vector portraits, logos and illustrations on demand.

### Security Analyst @ HackerOne, Bugcrowd

January 2020 - July 2020, Remote

Found security vulnerabilities in internet infrastructure of number of big tech companies like Nike, Fitbit, Avito, Sony and also received appreciation from them.

## Education

### National University of Science and Technology (NUST)
